

We Heard You. We Reconsidered. We're Listening.

- We are re-engaging with stakeholders to hear what's important to you.
- We believe we can work together on solutions that meet the community's long-term sustainability and diversion goals.
- We are committed to environmentally responsible recycling, disposal and alternative diversion options.

70+

Years serving the community

89

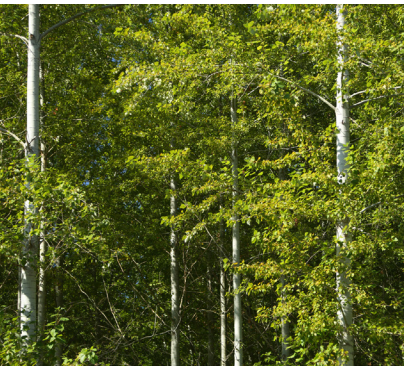

Number of employees

4,000

Homes powered through clean landfill gas to energy project

\$375K

Community contributions in 2021-2022

Our Commitment to Sustainable Practices

556

Acres **dedicated to preservation** and non-landfill operations

40

Acres of wetlands that are home to **wildlife and native plants**

140K

Tons of **compost processed** locally each year

Recent Investments in Coffin Butte Landfill

\$6.5M

On gas collection infrastructure (plus another \$1 million scheduled in 2022)
